

Arkansas Liquefied Petroleum Gas Board

SAFETY SUPERVISOR EXAM

(Study Guide)

This study guide should be used by individuals seeking their Safety Supervisor certification as preparation for taking the required exam. Prior to taking this exam, individuals should have a working knowledge of all facets of the industry including vapor systems, liquid systems, container installation, bobtail delivery, and bulk plant operation.

Study material is taken from both the Arkansas LP-Gas code book and the most recent addition of NFPA 58. A copy of the code book can be obtained by request from your inspector, contacting the agency office 501-683-4100, or by download from the agency website.
