MANUFACTURER / REFURBISHER

Report of LP-Gas containers shipped into Arkansas

The Undersigned wishes to report that the containers listed below have been sold and shipped into the State of Arkansas. All containers were constructed conforming to ASME standards and code and have a designed working pressure of not less than **250 psi**. All fittings, appliances, and valves utilized by the containers are listed by UL or another recognized listing service and are suitable for use with LP-Gas. The containers have been found to be **leak free**. All containers must have an Arkansas State Tag affixed prior to shipment into the state. **(Use one form per container destination)**
