### NOTICE OF RULE CHANGE Request for Public Comment

The Liquefied Petroleum Gas Board (LPGB) has proposed amendments to 15 CAR pt. 270, "State Liquefied Petroleum Gas Board Code." The proposed rule amendments adopt the National Fire Protection Association Codes (NFPA) 54 and 58 to regulate the liquefied petroleum gas industry in Arkansas. Because these national standards are being adopted, LPGB is repealing 15 CAR Sec. 270-101, "General Order," 15 CAR Sec. 270-111, "Containers," 15 CAR Sec. 270-112, "Fittings and assembling," 15 CAR Sec. 270-113, "Tank trucks construction and assembly," 15 CAR Sec. 270-114, "Fuel tanks and vaporizers," 15 CAR Sec. 270-115, "Tank trucks--Operation," 15 CAR Sec. 270-116, "Servicing and filling containers," 15 CAR Sec. 270-117, "Farm vehicles and trailers," 15 CAR Sec. 270-118, "Storage Containers," 15 CAR Sec. 270-119, "Vaporizers and housing," 15 CAR Sec. 270-120, "Installation and painting of containers," 15 CAR Sec. 270-121, "Appliances," and 15 CAR Sec. 270-122, "Venting." The remaining sections of the rule have been amended to clarify the rules given the adoption of NFPA 54 and 58 or promulgated to include Arkansas-specific definitions and standards retained LPGB.

Pursuant to the Arkansas Administrative Procedures Act, Arkansas Code Annotated § 25-15-201, et seq., and LP Gas Statute Arkansas Code Annotated § 15-75-207, LPGB by this notice solicits comments of any interested party to the proposed new rule by submitting comments in writing on or before the end of the public comment period, which is Feb. 23, 2026. Comments sent by regular mail should be sent to Kevin Pfalser at the address below.

Full and complete copies of the proposed rule are available for inspection and review at the LPGB office at 3800 Richards Road, North Little Rock, AR 72117, phone 501-683-4100; or may be viewed on the LPGB website at <https://arkansaslpgasboard.com/Rules>.

A public hearing will be held Feb. 3, 2026, beginning at 6 p.m., Central Standard Time, to accept comments on the rulemaking. The hearing will be held in the conference room at the LPGB office, 3800 Richards Road, North Little Rock, AR 72117, LP Gas Board phone number 501-683-4100. Written and oral statements may be submitted regarding the proposed rulemakings to the presiding officer for consideration at the public hearing. If the hearing is postponed and rescheduled, a new legal notice will be published to announce the details of the new hearing date.
